Additional battery modules: **ask for pricing.**

$5,000 equipment only · Own installer

$8,000 turnkey installed

Includes +$3,000 permitting + professional installation

A FEW GOOD QUESTIONS

I already have solar — do I need this?	A battery shifts your solar to the evening. NEM 3.0 owners usually benefit most. Get a free compatibility check.
What if I'm on NEM 2.0?	The main benefit is often backup; bill savings vary. Book a free review of your rates and usage.
How long does install take?	Ask us — depends on your city's permit timeline.

Book a free bill review.

Free compatibility check for your existing solar.
