*Example based on an actual California homeowner under NEM 3.0 (source: Qcells). Results vary with usage, system size and utility rates; peak hours vary by utility and rate plan. **Q.HOME CORE supports AC- or DC-coupled solar; we confirm your system is compatible during the free review. Extra capacity (to 20 kWh) and optional backup equipment (Q.HOME HUB) priced separately. 12-year standard warranty per Qcells Q.HOME CORE datasheet (2024). Limited units in stock.
