● IN STOCK NOW

California solar owners on NEM 3.0:

Your solar. After dark.

$8,500 **fully installed**
battery, inverter, permits, install

Qcells Q.HOME CORE
10 kWh battery + inverter

10 kWh
battery, 9 kWh usable for the evening peak

$141 → $41
one NEM 3.0 home's monthly bill*

In stock
local units, ready to install

Under NEM 3.0, extra midday solar earns low export credits. **A battery keeps it for the evening**, when grid power costs the most.

✓ **Battery + inverter** ✓ **Permits** ✓ **Professional install** ✓ **12-year warranty**

More capacity (up to 20 kWh) or optional outage backup? Ask for pricing.

*Example based on an actual California homeowner under NEM 3.0 (source: Qcells). Results vary with usage, system size and utility rates; peak hours vary by utility and rate plan. Q.HOME CORE supports AC- or DC-coupled solar; compatibility confirmed during the review. Extra capacity and optional backup equipment (Q.HOME HUB) priced separately. 12-year standard warranty per Qcells Q.HOME CORE datasheet (2024). Product image: Qcells. Limited units in stock.
